

Dear Investors,

This is a good investment both financially and socially. Imagine what a Horse Park and Event Center designed for 500 people and 200 horses will do for the local horse community. Your active and immediate participation in this project will help to have our doors open by Christmas 2008 ready for the 2009 show and event season. You can make a huge difference by becoming a Charter Member with an investment of \$50,000 for a 1% share.

All money from investors will go directly to the existing first deeds of trust and the operational costs for the park. All investors will be protected by the equity in the project even before our own interests.

We can complete the plans in 3 to 4 months and we will be seeking additional financing at the same time. Please read the investment information and give us a call. Your investment today will result in a Horse Park and Event center that you will be proud to say you own.

Please feel free to call anytime.

Sincerely,

Bruce C. Alexander
Founding Partner
